

# NEWS

## Our mobile phone

A reminder that our mobile phone number is

**07414 007 112**

You may text us during usual session times in the morning, from 2.30pm in the afternoon and all day in the holidays.

## Easter Holidays

We are currently planning the activities for the Easter holidays. For your information we will be open for a full day on the Mererside PD Day on 12th April and a normal after school day (with collection) for children from St Giles.

**Please ensure the front door and green gate are SHUT behind you when you enter or leave.**

## Exciting news, we are moving!

Due to the expansion of Mereside School we are moving into the old Sure Start building on the other side of the school site. Work is underway to make the necessary changes to the building and we aim to be in our new premises at the end of this term/start of the Easter holidays.

For those of you not familiar with the space, it is a fabulous room (larger than our current room). We will have our own full working kitchen, toilets and double doors open into the sports hall so we will have the equivalent space to the hall area we use now. The hall doors open onto a play area and the field and we will have an enclosed outdoor play area with large playhouse at the front of the building.

---

### March Invoices

---

We seem to have had few email glitches this month. If you have not received your March invoice please let us know.

---

### Signing out

---

Please remember to sign your child out when you come to collect.

The building is part of the main school building so Mereside children will not have to leave the building to come to TreeTops.

Children attending from St Giles will arrive on our minibus as usual and it will be parked in our new car park.

On Friday 12th April our landline may not be available for a few hours as our phone line is moving on that day.

Please use our mobile if you need to speak to us or send us a text.

### Parking

We will have our own car park for parents to use and a coded gate will give you access to the school site from the car park. We intend to keep our current code.

Please be extra vigilant of other parents pulling in and out, children crossing the car park and getting in and out of cars.
